"Our goal is to provide a variety of student activities to suit our students' various interests. The Student Activities Board works very hard to provide quality programs and events that their fellow students will enjoy. We've had great events this year, and wonderful support and attendance from the students, faculty, and staff!"

-Angie Watts  
Assistant Dean of Students

# Ice Cream and Bulldog Olympics

Nocata resident Kayla Mitchel (far left) said, "I liked Ice Cream Olympics because it was fun getting to compete using ice cream and getting all messy. Plus, Nocata won!"

Ice Cream Olympics, in the words of Ashley Wilson, "is the messiest fun you can have!" Residents gather to play games such as Build a Sundae in Your Mouth, Find the Jelly Bean, and Toss the Dibs.

Bulldog Olympics is a chance for the different clubs and organizations across campus to compete in a friendly and goofy way. Teams or representatives get everyone laughing in competitions such as Tug of War, Chubby Bunny, and the Three-Legged Race. No matter if you win or lose, you are sure to have fun at the Bulldog Olympics!

Above Right: Ashley Wilson makes delicious pies with a smile! These pies were used for the "Find the Jelly Bean in the Pie" game at Ice Cream Olympics.

# Lip Sync

Freshman Ellen Barrows shared her excitement about Lip Sync by saying "Lip Sync rocked my socks off! It was hilarious and I could not stop laughing!"

Lip Sync has become an annual tradition for all Tennessee Wesleyan students. Clubs and organizations battled hard to gain the title of 2008-2009 Lip Sync Champion! With nine groups competing this year, the competition was fiercer than ever before! Some of the competitors included *Men in Tights* by Delta Zeta Phi, *Mad Scientists* by the Natural Science Club, *Cowgirls* by the Softball team, and *Oonipa Loompas* by BCM. For the second year in a row, Delta Zeta Phi struck gold and remained undefeated! Lip Sync is by far the most popular and most remembered event of the year!

# Homecoming 2008

---

When asked about Homecoming, freshman Katie Sluder responded, "It was great to see all of the alumni come back and relive their college days."

---

The 151st Homecoming weekend was a time full of excitement! It started out on Friday night, continuing through Saturday. It was a time for students to bond with one another, faculty to mingle, and alumni to come back! There was a Sigma Kappa reunion during this year's Homecoming which made it a great opportunity for all of the sisters of Sigma Kappa to reunite with one another. This year marked the special dedication of Rankin Hudson Field. The 2008 Homecoming was a total success! There was great food, and as always, great fellowship!

Above Right: Spencer Creekmore does a quick pose while playing volleyball Saturday evening. Students were out enjoying Rankin Hudson Field the entire weekend.

# Halloween

"Halloween may be a spooky time of year, but here at Tennessee Wesleyan it is a spectacular time to enjoy the company of family and students." -Laura Swallows (Left, Center)

Halloween at Tennessee Wesleyan is a fun, exciting time when the college and community come together with great events. The Residence Halls all participate in giving out candy and prizes to kids in the community. Fowler Hall has their annual haunted house, while Keith and Wesley Commons have fun activities for younger children. Halloween brings the fall season alive with wonderful colors of red, yellow, and orange throughout the campus. It is a great time of year that shows the beauty of our school and love of the students.

# Spring Formal

"It was the night of a TWC lifetime. No school, no due dates, just elegantly dressed friends dancing the night away."

-Kayla Torbett

Spring Formal is the one night of the year when Tennessee Wesleyan students get to come together and shake their tail feathers! Held at Cleveland's beautiful Five Point Museum, students arrived in style to eat delicious food, take fun pictures, and enjoy each other's company. This year's theme was a Masquerade Ball. This included fun decorative masks and fancy costume designs. Students enjoyed making their masks and showing them off to fellow students. Students, faculty, and staff had a blast at the Spring Formal! It was a great event that the Student Activities Board, the Student Government Association, and many dedicated staff members set up and arranged for the students of TWC!

Above Right: Daniel Hubble and Jane Moore are loving the fun times and great memories at Formal. Spring Formal was a great time for couples to spend together! Such a fun atmosphere was perfect for any couple imaginable!

# Up 'til Dawn

---

Christina Simerly was an attendee at the 2009 Up 'til Dawn Finale. When asked about her experience at Up 'til Dawn, Simerly said, "I thought the turn out was pretty good. I had a lot of fun."

---

Up 'til Dawn is an event that Tennessee Wesleyan has been a part of for several years. It is a fundraiser for St. Jude's Hospital in Memphis, Tennessee. St. Jude's is a place where children who have been stricken with cancer are treated completely free of charge. However, the hospital could not operate without the help of people like TWC! During the year, we raised money, trying to reach our goal of \$10,000. For the first time, TWC exceeded the goal, so two of our fellow classmates, Philip Ross and Korey Kemper, volunteered to shave their heads! The Up 'til Dawn finale was an event to celebrate the successful fundraiser and participants stayed up from 10 p.m. until 4 a.m. while playing games, eating yummy food, and enjoying each others fellowship.

Above right: This year's speaker was Clint Sikes. Sikes was an actual patient at St. Jude's Hospital and now works for their fundraising program. He gave students his testimony and told them about how he overcame his battle with cancer.

Right: Some of the students that attended were able to enjoy the music by the live DJ. Students were line dancing into the wee hours of the morning!

Left: Kory Kemper and Philip Ross were very excited about getting their heads shaved!

Left: Students enjoy playing a game of ping pong. Watching this was intense! If the ball hit the floor, you were out!

# People

**T**ennessee Wesleyan is comprised of many different people. However, they all come together and bond like a family unit. The people on this campus are more like family to each other than classmates. Moreover, this is a record breaking enrollment year - we are so happy to see all the new faces on campus!

- 988 students
- 605 women
- 383 men
- 61% of students live on campus
- 22- average age of a full-time student

**B**elow: Students gather and anxiously await their next Crossroads activity. Leader, Kory Kemper is making rounds getting to know all of the incoming freshmen.

Top Left: Alexis Simpson takes a moment to stop and smile for the camera. Coming back to school is hard, but you would never know by the smile on her face!

Top Right: Katie Sluder is enriching her brain cells by studying for an upcoming test!

Bottom Left: Emilee Self demonstrates how students spend their free time by enjoying a fun game of sand volleyball before hitting the books.

Bottom Right: Jaelyn Evans is having fun playing a game at Ice Cream Olympics.

Sarah Creekmore, Matt Dannell and Stephanie Moore enjoy themselves during a fraternity-sorority mixer. There are many events on campus that get people involved. Every night, everyday, and every weeked, there is always something to do at TWC.

"Everybody says "Hi" and smiles when you pass them. It's a very friendly campus."

# Graduation 2009

Graduation is a time of bittersweet celebration. A day graduates, now alumni, will cherish and hold close to their hearts forever, it marks the end of an era and the beginning of something new and exciting. As the newly named alums walked across the stage, they were embarking on a new journey and an exciting part of their life. They will be faced with challenges and obstacles, but with their education from TWC, they could never be more prepared.

Graduation attendees were inspired with a message from Senator Zach Wamp and were enlightened by various other speakers and award recipients. Being the fun-loving seniors the class of 2009 was, they couldn't leave TWC without a little prank or two! As soon as they were deemed graduates, confetti and silly string flew from the front rows! Graduation is a day to remember, to cherish, and to celebrate! Congratulations Class of 2009! May you all succeed in everything you do!

# Student Life

**S**tudent Life brings together residents and commuters to form the unique Tennessee Wesleyan community. Friends become more like family as we live and grow together. This record breaking year Tennessee Wesleyan boasts an enrollment of:

- 988 total students
- 310 residents and
- 678 commuters

This year also marks Nocatula's 10th anniversary and Fowler Hall's 47th anniversary! Congratulations!

**B**elow: Some guys from Fowler and Wesley Commons look on to the competitions during the Bulldog Olympics. All of Wesleyan's residents enjoy the friendly competition and the chance to hang out with old and new friends

Bottom left: Emily Harrison and Kristin Lawhorn make tie-dye t-shirts outside of Wesley Commons. Bottom right: Residents enjoy a stroll through the snow on one of the school's two snow days this year!

Above: Emily Clevenger, Erica Turgeon, Tess Sasse, and Whitney Dixe love making s'mores together in the lobby of Keith Hall. Keith Hall hosts a variety of events each year including the Roommate Game, movie nights, and a Valentine's Day craft night.

"Attending TWC has been a growing experience through which we as individuals have increased our knowledge, matured as adults, and have made many memories." -George Pannell

# Keith Hall

With the record breaking enrollment, there was concern with the way girls in Keith would respond and fit into the dorm. Yet, instead of making the doorbusting number a problem, they adapted quickly and used the number to their advantage. On all three floors, the girls maintained order even when they had to wait for dryers or the TV in the lobby. The girls rallied together for school events such as the Bulldog and Ice Cream Olympics and for hall parties such as the St. Patrick's and Valentine's Day parties. The girls in Keith know how to have a great time and are some of the friendliest faces on campus!

Above: Shana Mathis takes a moment from studying to socialize with her friends. She, like others, found it convenient to study in the lobby.

Right: The luck of the Irish is obviously enough to entice Brittany Adams, Fatth Lee, and Caroline Sands into the lobby for a hall party equipped with cookies and icing.

Left: Emily Clevenger, Holly Reagan and Whitney Dixe gather to flaunt their hand-made valentines.

Center: Sitting her turn for RA oncall duty, Rachel Guyton prepares to do some homework.

Right: Melissa Bruce showed her love for the Irish while wearing green and going to the St. Patty's party.

Above: Kelly Bowers, Brittany Verner and Katelyn Kirk join other girls from the first floor to give out candy to local children.

Left: Proving her love for bubbles and tiaras runs deeper than that of the piano, Lyssa Maddox attempts to concoct a bubble larger than her face.

# Fowler Hall

Fowler Hall is the mens' dormitory on the Tennessee Wesleyan campus. Built in the early 60's, Fowler Hall continues to be a dorm of continuous excitement! Walk into Fowler and you will more than likely find guys playing a quick game of Ping-Pong, watching a game on the big screen TV, or gathering to play a game on the XBOX. The men of Fowler are always ready to have a good time, and that means always! You can usually find them hanging out in each others room's late at night and even into the wee hours of the morning! Fowler has a sense of community, especially with the community bathrooms! Fowler guys are known for their toughness, and without them, the campus would not be the same! Fowler Hall is a great dorm, especially if you enjoy an exciting lifestyle!

Above Right: Not only are the men of Fowler always having fun, but most are members of the fraternity on campus, Delta Zeta Phi!

Right: Fowler Hall resident Matt Rice enjoys a nice dinner on Rankin Hudson Field one afternoon. Fowler Hall men were usually found playing volleyball, football, or just outside enjoying the warm weather!

Left: Fowler Hall resident Chris Eckard looks for friends as he enjoys the annual Beach Bash. Fowler Hall residents always show up to events because there is usually free food and lots of fun!

Above: Members of Fowler Hall hang out before a Hall Meeting to work on homework and socialize.

Below: The men of Fowler gather after a very successful Haunted House!

# Nocatula

In 2009, Nocatula celebrated her 10th birthday! While Nocatula is the smallest residence hall on campus, with thirty six students, the residents enjoy a close knit community. This year Nocatula residents have enjoyed activities like outings to the Country Patch, Buddy's Barbeque dinners, Twister Tournaments, and Movie and Craft Nights. Nocatula residents represented themselves very well this year entering Lip Sync, taking 1st place at the Ice Cream Olympics, and winning 2nd place in the Homecoming Banner Competition! All around Nocatula is a wonderful residence hall, and while the name may be hard to say, it sure is easy to live in!

Above Right: Trevor Hawkins grins while carving a smile into his Halloween pumpkin. All the residents enjoyed getting together to create and carve!

Right: Nocatula residents Kayla Mitchell, Robbie Cornelius, Jaclyn Evans, Robert Derrington, and Emaleigh Lee enjoy hanging out in the living room during Nocatula's Twister Tournament night.

Left: Jessica Sweat, Ashton Burrell, Christy Cotter, Jaelyn Evans, Paige Goins, Carrie Bledsoe, Robbie Cornelius, and Robert Derrington like big butts and they cannot lie!

Above: Carrie Bledsoe, Jaelyn Evans, Paige Goins, and Christy Cotter love going out to eat at the Country Patch. This place has the best country cooking in town!

Above: Rudy Adams and Andy Cooper have quite a job ahead of them to clean out and carve their gigantic Halloween pumpkin!

Right: 1st place winners at the Ice Cream Olympics include Kyle Shipley, Robert Derrington, Kayla Mitchell, Morgan Freshour, Scott Miller, Emaleigh Lee, and Robbie Cornelius.

# Wesley Commons

Wesley Commons is the newest residence hall on campus, and has only been open for two years. The building is co-ed with men living on the first floor, both men and women on the second floor, and women on the third floor. The more than 100 residents enjoy fun activities, hanging out, and occasionally studying! This year, Wesley Commons residents have enjoyed helping out with the Carnival at the Commons, decorating tie-dye t-shirts, making silly Christmas decorations, participating in the Roommate game, and playing in the snow on our two snow days! On a pretty day, Wesley Commons residents can be found enjoying each others company tossing a football, laying in the sun, or playing ultimate frisbee on Rankin Hudson field! Wesley Commons is definitely a great place to live!

Above Right: Kristin Lawhorn, Cynthia Snyder, and Heather Honeycutt love playing in the snow!

Right: Stephenie Smith, Ashley Thompson, Bronson Holland, and Christina Simerley enjoy a fun craft night!

Left: Cameron Breland and Mason Onstott hang out in the lobby. These lacrosse boys really enjoy living in Wesley Commons!

Above: Brittany Rader and Jenna Lewis enjoy tie-dye t-shirt night! Everyone had lots of fun getting to plan, design, and decorate their own shirt.

Above: Sydney Cartwright, Amber Webb, and Myranda Hughes smile for the camera! Many residents came out for the tie-dye t-shirt making night!

Left: Blake Harper, Brandon Singleton, and Elliot Woods loved designing their own t-shirts. It's easy to see that these guys love living on campus at TWC.

# Commuters

Commuters at Tennessee Wesleyan are hardworking and dedicated to their academics. They are a vital part of the atmosphere and environment of the college. Between classes they hang out in the Student Center studying, playing a game of pool, or getting a bite to eat from J. Wesley's. Commuters are also involved in many activities and love spending time on campus with friends and classmates. They stay connected to the college and community of Athens by attending activities and events. Commuters help our college stay unique and fun. It would not be the same without our wonderful commuter family.

Right: Liz Robinson, Kyle Fulbright, and Megan Morris relax before class.

Right: Kelly Martin, Denny Perrine, Brandon Chote, and Jared Wright are all smiles on a Friday after class. The weekends are a time for fun, relaxation, and hanging out with friends and family.

Left: Jake Allman heads home after a long day of class. Students were quick to exit the building and head home or to work, especially on a Friday afternoon.

# Campus Life

Campus Life at Tennessee Wesleyan is always booming. There is always something going on. Students are very active, especially when it comes to playing sports, lounging around on Rankin Hudson Field, enjoying the benches placed throughout the front lawn, or enjoying Mayfield ice cream on a warm Friday afternoon. The students and faculty here at good ol' TWC are always busy interacting and having fun. Chances are, students are playing a quick game of flag football next to Wesley Commons, especially on warm afternoons. The large campus here at TWC allows students to enjoy the beautiful scenery, or take a stroll around the square in downtown Athens. With students and faculty constantly on the go, T-Dub is the place to be for a great time!

Above right: Members of Delta Zeta Phi participate in a community clean-up program. Student participation within the community is very important to TWC.

Right: During some free time on Homecoming Weekend 2008, students gather outside on Rankin Hudson Field to play a quick game of Volleyball. The Volleyball court on the field has been a very popular spot for students.

Left: Philip Ross DJ's the Ice Cream Olympics. The annual Ice Cream Olympics have always been a very popular activity. Students enjoy participating, especially since it involves ice cream!

Above: After a great Student-Faculty Softball game, students and faculty line up to give the traditional postgame high-five. The game is always a great opportunity for students and faculty to get to know one another.

Above: Meagan Stevens, Autumn Lowry, and Jon Mychal Heatherly enjoy the Slip-N-Slide TWC set up at the Beach Bash held for students to get to know their fellow classmates.

Left: Students prepare for the Crossroads' Creek Clean-Up. Every year, new students participate in Crossroads, a leadership, community service, and friendship based program to allow students to become acquainted with their new surroundings.

# Campus Life

Whether we want to or not, every student on the TWC campus is involved in campus life. Even if it's playing frisbee after class, pulling with all your effort at tug-of-war during the Bulldog Olympics, making a craft in one of the residence halls or just relaxing in the SAC, we're all guilty of campus involvement. With all of the events Mrs. Angie Watts and the Student Activities Board had planned for the student body, it was impossible to miss every single event. When students weren't enjoying a concert on the quad, Greek Day, or the Up 'Til Dawn finale, students found themselves subject to writing papers and studying for tests. Luckily, the faculty enjoyed the events as much as the student body and thus made campus life more enjoyable for every student.

Above: Kelsey Peck takes a moment from her studies and her job to sit around and just relax.

Right: It wasn't hard to see who had "Spring Fever" when Jon Mychal Heatherly decided to spread his wings and take flight.

Left: Dr. Dick Pelley and Dr. Dan Gilbert waved to the crowd during the Student & Faculty Softball game. These professors proved they still had game when it came to competing against their students.

Above: Kristin Lawhorn made it known she could tease and pull her hair to create a masterpiece for BCM's Crazy Hair Night.

Left: Halloween spirit was all over Emilee Reed as she joined the other ladies of Keith Hall to paint pumpkins to prepare for the exciting Halloween festivities!

# Convocations

Every year, TWC students are required to attend eight convocations per semester. With the vast amount of convocations offered, students are able to attend the ones that excite and interest them the most. Convocations range from a sermon at Trinity UMC to the school's Talent Show. TWC provides the diverse student body with plenty of convocation opportunities to meet everyone's style. Plus, convocations allow students to experience new things. Mrs. Holland Vibbert is in charge of organizing and planning convocations. She says, "As a Liberal Arts College, it is important that students grow culturally and spiritually as well as intellectually. Convocation/Chapel events afford them this opportunity. The Convocation committee strives to offer a varied program."

Above right: Dr. Carroll entertains the crowd during Lip Sync with his funny jokes and witty humor. Sandra Swafford assists him by drawing the names of door prize winners in between acts.

Left: During the Heritage Day convocation, Reverend James "Mickey" Efirid gives a sermon to all the TWC students. His speech caught everyone's attention and gave them inspiration.

Above: Students and faculty enjoy numerous convocations at Trinity UMC. The pews are always filled with eager students wanting to hear God's word.

Above: In the Townsend Auditorium, TWC President Dr. Stephen Condon delivers a welcoming speech to fellow faculty members and students.

# Sports

**S**ports at Tennessee Wesleyan College are readily apparent in many students' lives. With 15 intercollegiate sport programs, there is constantly a team in season and practice going on. Here are some facts about TWC sports:

- over 75% of residential students participate in athletics
- 7 men's and 8 woman's intercollegiate athletic sports

# Volleyball

**Coach Brooks**

"The 2008 Volleyball team started off the year strong; but due to some illness and injuries, the team had to fight through a tough mid-season stretch, which saw the team drop some real close matches. The team led by Senior

Brittany Brechlin turned things back around at the end of the season and finished strong down the stretch including a victory over defending conference champion UVA-Wise."

Volleyball is a team sport that requires dedication from every member. It involves hard work and determination; you must continue to improve your skills if you want to remain a part of the game. The TWC Lady Bulldogs have worked hard over the past season. They had many ups and downs throughout the year, but they carried their momentum from the first game to the final tournament. The Lady Bulldogs will continue to progress in years to come.

Give a shout for the Women's Soccer team, because they have once again had a great season! With several wins, they have worked together outstandingly and really show what a true team is all about. They are a close team and strive to be the best they can. With 25 members, these Lady Bulldogs are a lively group, but when it comes game time they are all business. However, they have just as much fun on the field and never lose faith in themselves. We can't wait to see them next year on the field, and have a lot to look forward to.

With almost 20 new members, the Men's Soccer team this year was larger than ever. These bulldogs played many games, always giving their 'best shot.' Even though Tennessee Wesleyan is a small college these Bulldogs bring a great amount of spirit. The team traveled all over Tennessee as well as to neighboring states such as North Carolina, Virginia, and Georgia. This was a one-of-a-kind team with members from various places. Even with so many people, they always came together as a family and gave every game their best. # Women's Tennis

Coach Thornton

"I have a passion for tennis and the opportunity to coach this team was an honor."

There is no doubt about it, the TWC Lady Bulldogs Tennis team took the game to a new level this year. Although they suffered from a smaller team than usual, they still demonstrated that they could continue to work together as a team and managed to defeat their opponents. The women defeated many teams such as Bluefield, Maryville, and Milligan Colleges. Although they did not enjoy the relentless hours spent on charter buses, they found the game that awaited them well worth the time. The Lady Bulldogs came prepared to give it their all and never gave up without giving it their all.

Like many things in life, playing tennis requires stamina, talent, and determination. For the TWC Men's Tennis team, they found these requirements easily attainable. They had to use their stamina with long practice, apply every bit of talent they could and continue to be determined regardless of any situation. Even with the ever present cool and rainy days, they continued to play and discovered that practice paid off and, in fact, made perfect. The men hit the tennis courts and proceeded to defeat their opponents with the greatest of ease and proved to other schools that they were the best.

Coach Billy Berry

"We have a great group of kids that have worked very hard. We are looking forward to another post season run and a chance to make it to a World Series."

Baseball has been one of America's favorite pastimes for decades. Mark Beltaire once said, "Baseball is almost the only place where a sacrifice is really appreciated." Baseball is a competitive sport that requires team work and playing with a vast amount of effort. TWC's Baseball team does just that. They work extremely hard at all of their games and practices. The team always gives at least 100% and never settles for less. This year's team is an incredibly great group of men and it's sad to see such talented seniors leave.

Eddie VanEs

# Organizations

**S**ororities, Fraternities, Honors' clubs, or religious organizations- it's safe to assume, if one wants to get involved with a club on the TWC campus, they will not have a problem making a selection:

- 28 total organizations
- 3 Greek organizations
- 18 academic clubs
- 3 religious groups
- Over 150 students involved
- At least 1,000 hours dedicated to each organization
- \$300 from SGA to each club

Its been a great year for theatre club! With a new director, theatre broadened its spectrum and expanded its horizons. This club met once a week and worked hard, but most of all just had fun. They participated in games and improv to improve their acting skills and gain more experience in the theatre field. In the spring they staged an outstanding production called "Works in Progress: a Tennessee Wesleyan Collage." It featured true life stories from TWC students and revealed the variety of theatre to many in its audience. This club is very unique and an important part of the TWC culture. We can't wait to see what they have in store for us next year...

- Cliff Andrews

Being a Student Ambassador is a great way to get involved with TWC. It gives you the opportunity to meet new people as well as getting to know more about the campus. Every semester the ambassadors are challenged to accomplish twelve points. How do they do this? Well, they have many options to choose from! The students can give tours to show the campus to upcoming students who are interested in Tennessee Wesleyan, they can write postcards to students who are in high school and are interested in TWC and encourage them to visit our college, plus many more exciting ways! It's not everyday that we meet individuals who are willing to devote their lives to serving the community. The Criminal Justice Club consists of a small group of students who have taken at least one criminal justice course and show a desire in the growth of that field. The members participate in banquets, have speakers in various career fields in which they intend to pursue and celebrate by taking trips or getting together at local restaurants. This year, the Criminal Justice Club visited Nashville where they listened to stimulating lectures, witnessed live performances on the Grand Ol' Opry Stage, and met various Nashville stars like Minnie Pearl.

"Homecoming was my favorite event of the year because we created fun experiments for all the kids during the picnic lunch!"  
- Katelyn Kirk

The Natural Science Club comprises a group of Tennessee Wesleyan Students who are interested in the sciences. Their interests are varied and range from Chemistry, Biology and Zoology to Botany, or even Nursing. Any student is welcome, even if their major does not pertain to science.

Throughout the year, the club meets the second Tuesday of each month to discuss various topics. Some members share projects they have researched or participated in, and in May, the entire group takes a field trip to Mayfield Dairy Farms. On that trip, they tour the factories, then indulge in the yummy ice cream! All TWC students are invited to serve on the staff. Members complete various jobs such as writing articles, taking photographs, and selling advertisements.

The newspaper allows students to develop many skills and be part of an important group on campus. Because The New Exponent continues to grow, we look forward to its progress in the future.

# Nocatula Yearbook

"This year's staff has been so special to me – their hard work and commitment is unparalleled. I hope the entire TWC community will enjoy and value this exceptional result of their efforts this year."  
 Advisor of Yearbook Nicole Gibbs

A yearbook is not just an ordinary book. Instead, it is book filled with memories that you can look back on and reminisce over forever. The yearbook staff worked hard to achieve their goal of creating a memorable book for the campus. Even though they struggled to meet their deadlines, the entire staff pulled together to make this year's book a success. The members were seen all over campus - taking pictures, recording quotes from seniors and coaches, and designing layouts for the yearbook in the computer labs. The theme this year is "By the Numbers: Breaking Records at TWC," and the staff hopes the yearbook will be an enjoyable snapshot of TWC in 2008-2009.
